Solid State Abstracts Journal

A PUBLICATION OF
CAMBRIDGE SCIENTIFIC ABSTRACTS

SOLID STATE ABSTRACTS JOURNAL is an International Reference Publication Devoted to Complete and Comprehensive Coverage of the World Literature on the Theory, Production, and Application of Solid State Materials and Devices. Information of the Following Properties of Solids is Included: Phase, Crystal and Mechanical Properties; Elastic, Acoustic and Thermal Properties; Optical and Dielectric Properties; Conductive and Magnetic Properties. Sources Include: Journal Articles, Government Reports, Conference Proceedings, Books, Dissertations and Patents. The Abstracts are Extensively Cross Referenced and Indexed by Subject, Material, Author and Source.
